Explosive Ordnance Detection EOD Training at our Facility

A close-up, low-angle shot of a soldier's arm and hand petting a dog. The soldier is wearing dark tactical gear, including a vest and pants with pockets. The dog is a medium-sized breed with black and tan fur, wearing a black collar with a metal buckle. In the background, a crowd of people is blurred, suggesting a public event or fair. The lighting is bright, indicating it's daytime.

GLOBAL K9 SECURITY DEPLOYMENTS

LEVERAGING MISSION-CRITICAL K9 CAPABILITIES

ANUBIS K9 provides bespoke K9 security services, trained working dogs and K9 training for military, law enforcement and enterprise. We have the capability to deploy K9 teams worldwide to embed in and support security guarding operations and provide mission critical

capabilities such as;

- ✓ Deterrent
- ✓ Access control
- ✓ Force multiplier
- ✓ Crowd control
- ✓ Bomb detection
- ✓ Narcotic detection
- ✓ Intruder detection
- ✓ Suspect search
- ✓ Suspect engagement & apprehension

ANUBIS K9's doctrine, methodology and standard operating procedures are modelled on MWD standards and procedures, then adapted and refined to better suit civil and commercial operational environments and objectives - Contract/Civil Working Dogs (CWDs).

The MWD/CWDs senses of sight, smell, and hearing enhance his detection capabilities and provide commanders with a physical and psychological deterrent to criminal activity. Properly trained MWD/CWDs can prevent an intruder or suspect from escaping. When necessary, the MWD/CWD provides an added dimension of physical force as an alternative to the use of deadly force. Public knowledge of MWD team capabilities provides military police and various security forces with a formidable deterrent wherever the MWD/CWD team is employed.
